
CSI ENGINEERING

HVAC, ELECTRICAL, PLUMBING & FIRE PROTECTION

CSI Engineering, LLC is pleased to announce our new LEED (Leadership in Energy and Environmental Design) Accredited Professionals, **Angel Guarniz and Sarah Mandell**.

Angel Guarniz, EIT

Mr. Guarniz is a Mechanical Engineer with CSI Engineering LLC. He has over 5 years of experience designing building HVAC systems for various types of projects. This includes site surveys, system assessment, building design, and construction administration.

Sarah Mandell

Ms. Mandell is an Electrical Engineer with CSI Engineering LLC. She has over 5 years of experience designing building electrical systems for various types of projects. This includes site surveys, system assessment, energy analysis, building design and construction administration.

LEED provides a set of standards for environmentally sustainable construction. With Angel and Sarah's LEED AP certifications, CSI can help you facilitate the LEED certification process on any project as well as providing you with information on green building design. This is just another way for CSI to assist you and your companies' needs. Please visit our website for a complete list of our capabilities.

If CSI Engineering can help you in any way please contact us. We will always be there for your complete engineering needs.
